

Hi – I see that your company is into **Software and IT** business.

We can provide you with 30M+ data covering all Industries and sectors across North America, Europe and APAC regions. We also have specialized Technology Install data of 5,200+ Applications with 9M+ Contacts.

Data fields we provide: Technology Type, Company Name, Contact Name, Title, Phone Number, Email Address, Physical Address, City, State, Postal Code, ZIP Code, Country, Fax, SIC Code, Industry and Website address.

We are a global database provider and preferred data partner for Enterprise, Medium and Small size companies and we would like to be the reason of your successful lead generation campaigns.

Data Append Test: Challenge us with your top 5 company accounts with job titles; whom you are looking to target to be your customers. We will get you the sample.

Please let me know your Industry type and geography for your next campaign? So I can send you the counts and sample to evaluate.

Thanks,
