Career Objective

A person who is satisfied will never grow, as satisfaction stops the progress. I always try to learn new things and to implement them. I want to work in an organization that provides me a platform to perform my tasks efficiently where I can prove my capabilities and skills, serve the organization with fullest of my capabilities and work in a challenging atmosphere which provides ample opportunities for learning and growth.

Personal Skills

I am an optimistic person with a rational approach towards life. I am committed to my work and career and do not hesitate in doing hard work. Able to co-ordinate various activities and have immense desire to learn new skills to improve performance.
