Bharathidasan University

CGPA- 8.9

MCA PROJECT WORK

Title

“A FLEXIBLE DISTRIBUTED STORAGE INTEGRITY AUDITING MECHANISM IN CLOUD COMPUTING.”

Description

The project was carried out to enforce the quality of dependable cloud storage service for users, we proposed an effective and flexible distributed scheme with explicit dynamic data support, including block update, delete and append. We relied on erasure correcting code in the file distribution preparation to provide redundancy parity vectors and guarantee the data dependability. The project was successfully implemented and tested the data migration to cloud environment.

WORKSHOPS / CONFERNCES ATTENDED

1. Attended Seminar On “WEB PASSWORD HASHING”
2. Attended Seminar On “JAVA PROGRAMMING”
