CAREER OBJECTIVE

To work as a dedicated and skilled professional, thus contributing towards the success of the organization and furthering my own professional development.

EMPLOYMENT INFORMATION**Total Work experience – 4 Years**

Quantitative Research – Quantitative Analyst/Manager, CEB (June 2015 to present),

Finance and Strategy Practice: (January 2013 - present)

- Awarded the yearly **“Productivity Excellence” award for 2013**, for creating a tool from scratch, which increased operational efficiency by 50%. This is only awarded to the top 10% of all employees at CEB.
- Awarded **Firm wide recognition for excellence and dedication 4 times** for **"Client Impact"** by different product managers.
- Awarded promotion in the first review cycle after completing a year; rated top associate in team throughout tenure.
- **Youngest Associate ever selected to conduct** analysis on a quant run for the Shared Services AER (a syndicated research study / primary client facing deliverable) - involved survey design and statistical data analytics (on SPSS) to make business recommendations for clients.
- Work regularly across several programs to **generate client ready tools that benchmark companies against their peers** in functional areas such as Shared Services, Employee Retention, Innovation and Strategy, Treasury, Investor Relations, etc.
- **Generate insights using analytics** for Fortune 500 companies involving usage of statistical techniques such as **Regression Analysis, Factor Analysis, and Cluster Analysis etc.**
- Build monthly **country economic reports** containing short news stories and relevant financial data.
- Completely **automate parts of analysis and report generation** through excel based tools.
- **Created 300+ customized client-facing reports that were used for member renewals (over \$100,000 in direct revenue impact)**
- Saved the finance practice over **\$75,000 in outsourcing cost** and over **1000 hours of analyst time** over 22 months
- Skills Acquired: **Advanced Excel, SAS, SPSS, VBA, Compustat, and elementary knowledge of HTML and SQL.**

Audit Analyst, KPMG: December 2011- December 2012

- Working with Onshore UK Audit team members to help and support them in the statutory audit of their clients. The Key services performed and rendered in the engagements are:-
- Analytical Reviews – Setting expectations with respect to external situations like economic and market conditions and internal situations of the company to perform an analysis of the respective statements. And then comparing them to the actual amounts stated.
- Preparing the Draft (Lead Schedules) Statements after analyzing the Trial Balances
- Analyzing the Journals and ledgers through IDEA.
- Checking the reliability of the information on the Financial Statements and Reports.
