Career Objective:

Highly motivated, hard working individual seeking position as an electrical supervisor in the commercial and residential building. I have extensive knowledge and experience in installing control panels, lighting fixtures, piping, earthing and wiring. A self starter who is able to work with minimal supervision. Enjoys being part of a team, as well as managing, motivating and training a productive team, and thrives in high pressure and challenging working environments.

Summary of Skills:

- Ability to lead others in high demand situations.
- Experience in installing power systems and panels at buildings
- Installation of all electrical components and fixtures.
- Extensive knowledge of commercial and residential wiring installations.
- Strong supervisory, time management, and coordination skills
- Excellent oral and written communication skills
- Willing to work shifts and overtime at short notice.
- Ability to teach others.
- Excellent personal judgement.
