

COVER LETTER

Dear sir/Madam,

I am applying for Mid Level Architect position in your firm with the solid education, well-trained skills and the enthusiasm on Architecture design. I am ready to join your team.

GOOD AT BOTH INDIVIDUAL WORK AND TEAM WORK.

At Professional level I have worked on both environment individual as well as with the team.

STRONG KNOWLEDGE ON IDEAS AND SOFTWARE

After continuous study in architecture, both my ideas in design and skills of software are mature now. I have enjoyed getting ideas on design from the process of exploring the world. As I like exploring the new things, I have learned a lot of software to support me to make my concepts come true. As a result, I am proficient on most of the design software and good at making them to work together.

ENJOY PRESSURE AND HEAVY WORK

I think, I am able to work on pressure situation and I can feel my value when I am given some heavy work.

Please feel free to contact me, look forward to talking to you soon.
