Academic Project Handled

Title : Speed Control of a DC Motor using Magnetic Feedback based on PIC16F877

Objective :

- The aim of developing this project is to control the speed of DC Motor.
- The main advantage in DC Motor is that the speed-torque relationship can be varied at almost any useful form.
- This project gives a reliable, durable, accurate and efficient way of speed control of DC Motor.
- This project is practical and highly feasible in economic point of view and has an advantage of running motor of high ratings.

Academic Credentials

B.Tech (Electrical & Electronics)

IILM College of Engineering and Technology, affiliated to Uttar Pradesh Technical University, Lucknow
In 2009-2014, **Secured 60% marks**.

XII (PCM)

Kendriya Vidyalaya Public School, Bihar, affiliated to Central Board of Secondary Education
in year 2009, **Secured 55% marks**

X (Science)

Pusha Public School, Bihar, affiliated to Bihar Board of Secondary Education
in year 2007, **Secured 57% marks**

Personal Minutiae

Father's Name	:	Mr. Zafar Alam
