RESUME

NAZMA KHATOON
Primary # 8147846041

Email: nazmakhtn@gmail.com

CAREER OBJECTIVE:

To seek an opportunity to work in an organization as a as a Software Quality engineer where I can utilize my skills and upgrade my knowledge on new and emerging trends in this field.

.EXPERIENCE SUMMARY:

- 2.4 years of experience as **QA Engineer**.
- Good experience in Analyzing testing requirements, Test execution and completion for the assigned module.
- Good experience in preparing test scenarios, test cases and Reporting Defects.
- Test plan and Test case design, Prioritization of Test Defects.
- Hands on experience in using test management and defect tracking tools such as JIRA, Redmine.
- A good understanding of various SDLC methodologies like Waterfall, V-Model.
- Involved in various test methodologies like Functional testing, usability testing, smoke testing and Compatibility testing, Sanity testing, Website testing .
- Executing Test Cases in Specified Test Environment.
- Understanding Software Requirements
- Good and proven team player.
- Reporting Defects using Defects Tracking System(such as JIRA, Redmine and Agile methodologies).

TECHNICAL SKILLS AND COMPETENCIES:

- Manual Testing (Quality assurance and quality control).
- Automation Testing (QTP and quality center).
- SQL Quaries.

WORK EXPERIENCE:

- Worked as a **"Test Engineer"** with STC "**Third eye Technology Private Ltd",** Bangalore and having 5 month of experience, since from "25th JANUARY 2014" to "25TH MAY 2014" .

- **Working in** "**ChitrChatr communication pvt ltd**"as **"QA Engineer**" **in Bangalore from** "**Oct 2014 to April 2016".**

PROJECTS:

Mobile & Desktop Application Testing :

PROJECT 1: Chitrchatr

Testing Environment : Manual.
Team Size : 12
Tools use : Redmine, JIRA.
Platform Testing: Windows, Macbook Pro& Linux(Ubuntu).
Mobile Device Under Test: Android, Ipad, Iphone & Windows mobiles.
